## Curriculum Programme

Programmes at Puni Primary School commonly feature the following:

- learning activities in which students investigate issues and solve problems of interest to them;
- a balanced curriculum which emphasises discovery and exploration; and encourages higher order thinking as keys to successful learning;
- opportunities to see the relevance of learning by applying it in a practical way to solve real problems;
- learning activities and experiences (both in and outside school) which enable all students to succeed regardless of previous achievement.
- schemes that are not so prescriptive that they stifle creativity and the opportunity to capture the teachable moment.
- An integrated curriculum where all subjects are taught under a topic based approach.
- Focus upon the Key Competencies-Self Management, Relating to Others, Participating and Contributing, Thinking, Language, Texts and Symbols.

Teachers adapt the programme to the students to ensure the curriculum focus for each student is on personal development as well as on academic achievement.

## **Orientation Programme and Support Services**

The principal and classroom teacher are primarily responsible for the orientation of the students and their on-going welfare within the school community.

An initial orientation will be done prior to or during the enrolment interview with the prospective student and parents. On the student's first day, he/she will be met by their teacher and shown to the classroom. All students will be mainstreamed immediately upon arrival and may be withdrawn for further orientation, English testing, and teaching as required.

The classroom teacher will be responsible for ensuring the new student has a buddy group consisting of two or more other students whose role is to help the new student with daily routines, timetables, and activities during the breaks. The teacher will also ensure the child knows where to find the sick bay, toilets etc.

The classroom teacher and the principal will continue to monitor the student during the first few weeks while the student settles into the class and the school. The principal will also be available for support of the students, the classroom teacher, and the parents/caregiver.

Once the initial period is over, the principal will continue to monitor the student and his/her progress through informal meetings, ESOL teaching times, and where necessary through formal meetings with the student, the classroom teacher, and/or the parents/caregiver.

Translators will be made available where necessary. These may be another child or an adult, depending upon the situation and the requirements.

Parents/caregiver and students need to know that Puni Primary School has an 'Open Door' policy. At any time they may make an appointment to see the classroom teacher, or the principal to discuss any queries or concerns.

If a student fails to comply with any condition imposed under this paragraph in respect of the lifting or extension of the suspension, the principal may request the board to reconsider the matter and the board may confirm or reverse its earlier decisions or may modify its earlier decisions by taking any action specified in paragraph 13 (a) to (c).

16. If the board has not sooner lifted or extended the suspension or excluded the student under paragraph 13(c) and terminated the contract of enrolment, the suspension ceases to have effect—
- (a) at the close of the 7th school day after the day of the suspension; or
  - (b) if the suspension occurs within 7 school days before the end of a term, at the close of the 10th calendar day after the day of the suspension.

#### Extended suspension

17. The board will monitor the progress of the suspended student by ensuring that it receives, at each regular board meeting after the suspension, a written report on whether the student is meeting the conditions imposed and progressing with any educational programme provided.
18. The principal must ensure that the student and a parent of the student are given a copy of any such report as soon as practicable.

#### Student failing to comply with conditions

19. If the board agrees to a request made by the principal under paragraph 15, the board must hold a reconsideration meeting about the student's case.
20. The meeting must be held—
- (a) within 7 school days of the request; or
  - (b) if the request is made within 7 school days of the end of term, within 10 calendar days of the request.

#### Information about reconsideration meeting

21. If the principal makes a request under paragraph 15 that the board reconsider the suspension then the board will ensure that the student, and a parent or legal guardian of the student is given written notice of the time and place of the reconsideration meeting as soon as practicable after the board decides to hold the meeting.
22. The board will ensure that the following material is given, in writing, to the student and the parent within the time described in paragraph 23:
- (a) information on the procedures the board follows at reconsideration meetings; and
  - (b) advice that the student, a parent or guardian or representative may attend the meeting and speak at it about the reconsideration of the suspension; and
  - (c) information that, in the board's opinion, it would have no ground to withhold if the student made a request under the Privacy Act 1993 for:
    - (i) the principal's report to the board on the reconsideration of the suspension; and
    - (ii) any other material about the reconsideration of the suspension to be presented by the principal or the board at the meeting.
23. The material must be given to the student and the parent at a time that enables it to reach them at least 48 hours before the meeting (or within a shorter time agreed by all the parties).

## **Procedures that Apply When a Student Withdraws / is not Attending Their Course**

If a student withdraws from school:

1. It must be in writing by the parents prior to the student's last day, giving the date of the final day of attendance and the reason for leaving and the Immigration Service will be notified.
2. The Refund Policy for International Students shall apply.

If a child is not attending their course

1. In the case of absences, the parent/guardian/caregiver must follow the normal school procedure of notifying the school in the morning of the first day of the absence, and following this up with a written note on the first day of the child's return to school. If the absence can be foretold - eg an appointment - then the school is to be informed in writing the day prior to the appointment or earlier.
2. Where the student is absent with no reason then the parents will initially be contacted by the school for an explanation. Where a child is being truant from school, the school Franklin District Truancy Service will be informed. If the Truancy continues then a family meeting will be held and contingencies put in place. If this does not rectify the situation then the enrolment will be terminated and the Immigration Service notified.
3. If the student does not attend for more than twenty consecutive school days then the school will, in writing, notify the parents/caregivers that the enrolment has been terminated and the Immigration Service notified. However if the parents have previously notified the school in writing that the child will be absent for a period of time, with the full reason for the absence, the place shall be held, providing all fees have been paid in full, as required.
4. If the student is withdrawn from or ceases to attend the school the Board of Trustees will notify the New Zealand Immigration Service.

## **Circumstances in Which Tuition may be Terminated**

1. Where a child is absent or consistently truanting from school (*see above*) then the signatory will terminate the enrolment.
2. If a child's behaviour is of an unacceptable level, then a meeting with the child, the parents/caregiver, and the school will be arranged. If the behaviour does not improve, written notification will be given to the parents warning of the danger of termination of the enrolment. If there is no further improvement, the parents and the student will be notified in writing that the student must leave at the end of that term, or earlier if the school decides, and will not be eligible to return the following term. There will be no refund of fees paid if this occurs.
3. An 'acceptable level of behaviour' would be seen as following the school rules as set out in this booklet.
4. If an enrolment application is found to be inaccurate in any way the contract may be terminated at the school's discretion.
5. Upon termination of enrolment, the Immigration Service will be notified as required.

## **Summary Code of Practice for the Pastoral Care of International Students**

### **Introduction**

When students from other countries come to study in New Zealand, it is important that those students are well informed, safe, and properly cared for.

New Zealand educational providers have an important responsibility for international students' welfare.

This pamphlet provides an overview of the "Code of Practice for the Pastoral Care of International Students" (the Code), and provides a procedure that students can follow if they have concerns about their treatment by a New Zealand educational provider or agent of a provider.

### **What is the Code?**

The Code is a document which provides a framework for service delivery by educational providers and their agents to international students. The Code sets out the minimum standards of advice and care that are expected of educational providers with respect to international students. The Code applies to pastoral care and provision of information only, and not to academic standards.

### **Who does the Code apply to?**

The Code applies to all education providers in New Zealand with students enrolled on international study permits. The Code is mandatory to these providers and must be signed by them.

### **What is an "international student"?**

An "international student" is a foreign student studying in New Zealand on a student permit from the New Zealand Immigration Service.

### **How can I get a copy of the Code?**

You can request a copy of the Code from your New Zealand educational provider. The Code is also available online from [www.minedu.govt.nz/goto/international](http://www.minedu.govt.nz/goto/international).

### **How do I know if an educational provider has signed the Code?**

The New Zealand Ministry of Education will maintain a register of all signatories to the Code. This list will be available from [www.minedu.govt.nz/goto/international](http://www.minedu.govt.nz/goto/international). If the educational provider that you are seeking to enrol with is not a signatory to the Code, you will not be granted a permit from the New Zealand Immigration Service and you will not be able to study at that institution.

### **What do I do if something goes wrong?**

If you have concerns about your treatment by your educational provider or by an agent of the provider, the first thing you must do is contact the principal, the international student director, or another person who has been identified to you as someone that you can approach about complaints at your institution. The Code requires all institutions to have fair and equitable internal grievance procedures for students and you need to go through these internal processes before you can take the complaint any further.

If your concerns are not resolved by the internal grievance procedures, you can contact the International Education Appeal Authority (IEAA).

### **A summary of the Code of Practice for the Pastoral Care of International Students**

The Code sets standards for educational providers to ensure that:

- high professional standards are maintained
- the recruitment of international students is undertaken in an ethical and responsible manner
- information supplied to international students is comprehensive, accurate, and up-to-date
- students are provided with information prior to entering into any commitments
- contractual dealings with international students are conducted in an ethical and responsible manner
- the particular needs of international students are recognised
- international students under the age of 18 are in safe accommodation
- all providers have fair and equitable internal procedures for the resolution of international student grievances

Full details of what is covered can be found in the Code itself.
