PUNI SCHOOL
Effort Brings Reward

PRESENTS

Since 2008 Puni School have successfully hosted Franklin's only Multi-Cultural Festival for Primary Aged Children at the Pukekohe Indian Centre.

It's a performance focused day where over 20 local schools and dance studios express their cultures on-stage!

There are food stalls celebrating our Pasifika, Indian, Japanese, South African, Maaori Cultures.

There will be some entertainment for the kids, a cultural market and coming back this year our Mystery envelope game.

Puni School is a small country school where the PTA use this festival as a major contributor to their fundraising efforts for the year.

The profits for this event go directly back to the school's goal; to fundraise to upgrade the pump track.

We thank you for your donations!!

2024 Winners - LDH Concrete

"We were so thrilled to have won the naming rights in 2024, we loved being apart of the show and had our stand at the entrance with our diggers on display. We raised a good amount of ongoing business, that is still reaching the community today"
